Tech in focus: How Trackwise could benefit from Boris Johnson's green industrial revolution

Richard Jeans says one potential beneficiary is Trackwise Designs (LON:TWD) it has a product called IHT or Improved Harness Technology which is used by manufacturers including electric vehicle makers, to replace traditional wiring with its patented printed circuit board technology.

Phasing out of fossil fuels could be a boon for Trackwise's electric vehicle end market. Trackwise has today announced it is raising £12m in a placement and open offer to fund a new IHT manufacturing facility in response to a contract win with an electric vehicle maker.
